UPSCALE FAMILIES

Upscale Families are suburban families that are concentrated in parts of Ontario and the Maritimes. These younger and middle-aged suburbanite families are high-yield travelers that spring for the family-focused travel itinerary. They enjoy many of the hallmarks of PEI summer vacations, including visiting beaches, participating in authentic PEI experiences, and taking in Anne of Green Gables and Birthplace of Confederation activities. Golf tends to be a draw for Upscale Families travelling to PEI. They have strong non-traditional values including flexible definitions of families and culture sampling. Upscale Families are strong users of technology and follow brands on several social media platforms.
